GARMIN

ALL-IN-ONE TEAM APP

Garmin Clipboard is an all-in-one team app with features designed to help coaches and athletes build workouts, review stats and more when loaded on their compatible smartphones. Garmin Clipboard lets you review lap splits, VO2 Max, lactate threshold, pace trends or quickly scan performance and wellness with at-a-glance charts. Choose one of the free preloaded workouts or create a custom training plan.

FORERUNNER® FOR RUNNERS

Whether you're coaching beginners or more seasoned runners, Garmin has a smartwatch that suits every runner's needs.

PERFORMANCE

There's a wide range of Garmin GPS running smartwatches to capture crucial performance stats. Select models incorporate smart coaching with daily suggested workouts and can gauge the effectiveness of training and track recovery time. Runners can sync custom workouts and training plans from the Garmin Connect™ app, Garmin Clipboard coaching app and TrainingPeaks to their device.

SAFETY AND TRACKING

Add peace of mind to runs with incident detection and assistance features¹. If the watch senses an incident has occurred, a message is sent with the location to emergency contacts. And select Forerunners automatically send the runner's name and location to the Garmin IERCC, a 24/7 staffed emergency response coordination center². LiveTrack lets contacts view the runner's preplanned course and real-time location.

NAVIGATION

With built-in features like back-to-start, turn-by-turn navigation, round-trip routing and the ability to download courses — it's tough to get lost. To help runners create a course, Garmin Connect looks for the best route, choosing from roads and trails most traveled by tapping into Trendline™ popularity routing. Find the best paths and easily follow them with at-a-glance navigation.

CONNECTIVITY

Certain watches in the Forerunner family offer additional features like on-device music storage and streaming³, Garmin Pay™ contactless payments⁴ and smart notifications when paired with a compatible smartphone.

¹When paired with a compatible smartphone; see [Garmin.com/ble](https://garmin.com/ble). For safety and tracking feature requirements and limitations, see [Garmin.com/safety](https://garmin.com/safety).

²Forerunner 945 LTE must have an active LTE subscription plan for, and connectivity to, a Category M1 LTE network; see [Category M1 LTE coverage area at Garmin.com/LTECoverage](https://garmin.com/LTECoverage)

³User must have a premium account with a compatible music streaming provider to sync playlists

⁴View current supported country, payment network and issuing bank information at [Garmin.com/GarminPay/banks](https://garmin.com/GarminPay/banks)
